## HP 12c Calculator - Simple Interest Calculations

- Introduction
- Example for calculating interest on a 360 -day basis
- Example for calculating interest on a 365-day basis

## Introduction

The HP 12c calculates simple interest based on either a 360-day basis or a 365-day basis. Additionally, with the accrued interest in the display, the total amount can be calculated (principal plus accrued interest) by pressing $\boldsymbol{+}$.

To calculate the interest on a 360-and 365-day basis:

1. Key in or calculate the number of days, then press $n$.
2. Key in the annual interest rate, then press i .
3. Key in the principal amount, then press CHS PV
4. Press:

- $f$ INT to calculate and display the interest accrued on a 360 day basis.
- $f$ INT RD $\mathrm{X} \geq \mathrm{y}$ to calculate and display the interest accrued on a 365-day basis.

5. Press + to calculate the total of the principal and the accrued interest now in the display.

The quantities n , i , and PV can be entered in any order.

## Example for calculating interest on a 360-day basis

A loan of $\$ 450$ has been provided for 60 days at $7 \%$ simple interest, to be calculated on a 360-day basis. What is the amount of accrued interest in 60 days, and what is the total amount owed?

| Keystroke | Display | Description |
| :---: | :---: | :---: |
| 600 | 60.00 | Stores the number of days. |
| 7 i | 7.00 | Stores the annual interest rate. |
| $\begin{array}{\|l\|l\|l\|} \hline 4 & 5 & 0 \\ \hline \mathrm{CHS} & \mathrm{PV} \\ \hline \end{array}$ | -450.00 | Stores the principal. |
| f INT | 5.25 | Displays accrued interest on 360-day basis. |
| + | 455.25 | Total amount: principal plus accrued interest. |

## Example for calculating interest on a 365-day basis

A loan of $\$ 450$ has been provided for 60 days at $7 \%$ simple interest on a 365 -day basis rather than a 360-day basis. What is the amount of accrued interest in 60 days, and what is the total amount owed?

| Keystroke | Display | Description |
| :---: | :---: | :---: |
| 60 | 60.00 | Stores the number of days. |
| 7 i | 7.00 | Stores the annual interest rate. |
| $\begin{aligned} & \hline 4=50 \\ & \hline \mathrm{CHS} \mathrm{PV} \end{aligned}$ | -450.00 | Stores the principal. |

| Keystroke | Display | Description |
| :---: | :---: | :---: |
| f , INT R R , X y y | 5.18 | Displays accrued interest on 365-day basis. |
| $\pm$ | 455.18 | Total amount: principal plus accrued interest. |
